

Mohit Nimje

Indore, Madhya Pradesh • +91 9340431436 • mohitnimje1027@gmail.com

Education

VIT, BHOPAL UNIVERSITY

Bachelor of Technology in Computer Science - Artificial Intelligence and Machine Learning

GPA: 8.18

Relevant coursework: Applied Machine Learning, Artificial Neural Network

Sehore, Bhopal
June 2023 - May 2027

ATOMIC ENERGY CENTRAL SCHOOL

12th Science - PCM

Indore, Madhya Pradesh
April 2022 - May 2023

Experience

AI Intern

Raja Ramanna Centre For Advanced Technology (BARC)

- Built and trained a Convolutional Neural Network (CNN) for beam image parameter estimation, achieving **~0.14 validation MAE** and high regression performance.
- Designed and implemented a complete Machine Learning workflow including synthetic data generation, Gaussian modeling, noise augmentation, and data preprocessing, increasing dataset size by **~3x** and improving model robustness by **~20%**.
- Collaborated with cross-functional teams to align models with accelerator beam diagnostics systems, reducing manual analysis effort by **~30%**.

Indore
May 2025

Projects

Signature Forgery Detection System

- Developed modular and reusable code structure following basic software engineering practices.
- Created a Signature Verification System using MLP neural network, achieving **~92% accuracy** in classifying genuine vs forged signatures.
- Implemented an end-to-end ML pipeline with image preprocessing and feature extraction (OpenCV/Scikit-image), improving model performance by **~15%** and enabling scalable deployment.

April 2025

December 2024

Prediction of Heart Health using Heart Beat

- Built a scalable backend pipeline using Flask for real-time predictions.
- Developed a Machine Learning-based heartbeat sound classification system using Random Forest, achieving **~90% accuracy** on .wav audio data through statistical feature extraction.
- Deployed a production-ready ML system (preprocessing, feature engineering, training, Flask-based deployment), enabling **real-time prediction with <2 sec response time**.

Additional

Language Skills: English, Hindi, Marathi

Technical Skills: Python, Data Structures & Algorithms, Object-Oriented Programming (OOPS), TensorFlow, PyTorch, Scikit-Learn, OpenCV, Flask and in addition Data Preprocessing, Feature Engineering, Model Evaluation

Interests/Hobbies: Basketball, Tabla
